

VEHICLE RENTAL

KEEPING BRITAIN MOVING

BUYING POWER

We manage over 5,000 live rentals per day, giving us tremendous buying power and making us one of the main procurers of vehicle rental in the market. This also allows us to provide our customers with the best rates in the market, whilst ensuring that we have stringent SLAs with our suppliers to ensure that we achieve a high level of service.

We give you access to over 340 vehicle categories, including cars, MPVs, LCVs, LGVs, HGVs and equipment such as traffic lights, platforms and forklifts. This allows us to provide a one-stop solution for all your vehicle hire requirements.

You can manage all this from our state-of-the-art vehicle rental platform, so you can see what

vehicles are available, what the prices are, and the process to make the booking yourself – all within a few minutes. The system allows you manage the entire rental journey including the management of hire damage, customer service queries, fines, invoicing, P11D and full MI reporting.

All of this is backed up by a rental support team who are on hand to assist wherever you need further support. In fact, we're so confident in the quality and value of our rental provision, we believe that once you've tried us, you won't want to look anywhere else.

WE MAKE RENTING A VIABLE ALTERNATIVE TO LONG-TERM LEASING

You may not have considered rental before, especially over terms beyond a few weeks. Think again.

At Rivus, we make renting a vehicle a financially viable alternative to purchasing or leasing. First and foremost, our prices are exceptionally competitive as a natural result of being able to pick the best deals from a massive panel of over 200 suppliers and access to over 670,000 vehicles. Our rates are flexible depending on the length of rental.

Furthermore, we can offer mini-lease rates for any hires greater than 28 days. This gives you a credible alternative to leasing, without the risks associated with being tied into a finance agreement.

It's great for your finance team too because if you rent a vehicle for anything less than 12-months, it doesn't need to appear on your balance sheet, reducing credit-to-risk ratio, allowing you to use credit to operate your business rather than using it to operate your vehicles.

So, whether short, medium or long term, with tiered pricing to match, there really is no better way to rent a vehicle.

VEHICLES TO SUIT YOUR INDUSTRY

Rivus is renowned for being able to provide vehicles which are designed to fulfil specific functions within specialist services. Our rental service is no different, giving you access to all kinds of vehicles, up to and including HGVs. We also offer industry equipment from forklifts, platforms to traffic lights, to ensure you meet the demands of your industry. Another great thing about using Rivus is that we are able to supply a vehicle with as little as two business hours notice.

This is a tremendous benefit of using Rivus and the next time you need to fill a big order – whether for an emergency or just a corporate away day – we can supply you with temporary access to a whole fleet of vehicles, right here in the UK.

For urgent hires:

- + Cars delivered within two business hours
- + LCVs delivered within four business hours
- + Specialist and HGVs delivered within eight business hours
- + No turn-down policy on standard vehicles
- + Hire vehicle damage validation

Fine validation

- + HGV compliance dashboard, allowing the O-licence holder to manage HGV compliance and view outstanding paperwork and all compliance documents

RENTAL PLATFORM

Enjoy full control of your rental activity with our easy-to-use platform.

The Rivus platform has transformed rental management for our customers. It makes booking, tracking and managing your rentals simple. You'll no longer get bogged down in paperwork and you'll even see patterns and opportunities for improvement that you're unlikely to have seen before – all through one or two clicks of a mouse. It really is easy to use and we can set you up with your own branded portal that suits your individual needs. And don't worry about cost either – this is part of the service so you only pay for the vehicles you rent and they remain at the same great prices as always.

The platform enables you to:

- + Rebook a hire in less than 10 seconds
- + Raise and review queries
- + Auto allocate bookings
- + Dispute or approve invoices
- + Manage all HGV compliance (tacographs, MOTs, LOLER, PMI, HGV/trailer maintenance calendar)
- + Review fines and rental damage
- + Access P11D and CO2 reporting
- + Monitor damage and fines by driver
- + Download MI to review spend*

* broken down by rentals, fuel, damage, fines and excess mileage to see where you can save

RENTING WITH RIVUS

We offer a one-stop service that you can easily manage using a single platform. We have a network of suppliers to ensure you get the best prices that

won't fluctuate during your agreement, whether renting for a single day or a whole year.

- + Access to over 670,000 vehicles across more than 2,500 locations
- + Access to over 340 vehicle categories
- + Access to over 200 rental suppliers
- + Book via phone, online or mobile app
- + No turn down policy on standard vehicles

WHY RIVUS?

Rivus is one of the UK's largest providers of fleet management solutions, enabling customers to minimise their cost of vehicle ownership, maximise vehicle availability, reduce emissions and control compliance responsibilities.

We support fleets of all sizes and have a UK-wide network of 55 garages with multi-skilled technicians, backed up by a mobile support team.

We believe that great customer service comes from trust, communication and taking ownership. Our high standards are demonstrated in the winning of 11 awards since 2016 for innovation, fleet management and customer service.

WHO DO WE SERVE?

We cater for small vans, HGVs and everything in between. While we specialise in essential operational fleets, we can support anyone with

fleet requirements and have done so for many of the UK's biggest and most well-known fleet operators.

We have a long history of supporting key sectors, such as:

EMERGENCY SERVICES

FREIGHT

ENVIRONMENT

UTILITIES

GOVERNMENT

COMMUNICATIONS
